About

I am a highly motivated, well-organized and competitive person with many experiences in team and project management, as well as organizational leadership.

I love to challenge myself to find new experiences, meet new friends and adapt in a new environment. I am open to anyone who would share the same passion with me to develop something together from scratch.

Although my background study was veterinarian, web developing and programming are what I enjoy the most. I decided to joined intensive programming boot camp that gives me the comprehensive view about what I can do as a fullstack developer for the rest of my career. I have also gained experiences in developing mobile website with React, React-Native, Vue Js and Swift.

In general, I am a well-planned and coordinated person, especially in programming. Exploring new technologies, web development and applications mobile, reading, writing, culinary hunting and travelling have always been my interest.

TECHNICAL SKILLS:

- Languages: Javascript, NodeJS, Swift....
- Frameworks: ExpressJS, React, React Native, VueJS, Redux
- Libraries: JQuery, Sequelize, Mongoose, Bootstrap, MaterializeCSS, D3, Chai, Mocha, Jest,
- Databases: SQL: PostgreSQL, Sqlite, NoSQL: MongoDB
- Others: Git, Amazon AWS, Google GCP, Firebase, Android Studio, HTML, CSS,

The image shows a preview of a CV template. On the left, there is a light blue sidebar with a dark red rectangular redaction box covering the top half. Below the redaction, the text "FULLSTACK DEVELOPER" is visible. Further down, the text "KONTAK PERSONAL" is visible above another dark red rectangular redaction box. To the right of the sidebar, the CV content is displayed. It starts with "ORGANISASI" followed by "IPPNU 2016 - 2018" and "Wakil kelas". A paragraph describes IPPNU as an organization of young Muslims. Below this is "PRAMUKA SMA MAARIF NU JATINEGARA 2015" and "Pangku adat", followed by a paragraph about extracurricular activities. At the bottom, it says "RIWAYAT PENDIDIKAN" and "Arkademy Tech Academy". To the right of the CV text, there is a dark red rectangular redaction box, and to its right, the text "CV" and "pdf" are visible, suggesting a download or view option.

Halo Bapak/Ibu sekalian,

Perkenalkan, nama saya [REDACTED]. Saya merupakan lulusan [REDACTED] dengan jurusan Rekayasa Perangkat Lunak.

Saya merupakan fresh graduate di tahun ini (2020). Sesudah lulus dari sekolah, saya mengikuti bootcamp "Fullstack Mobile Developer" [REDACTED] untuk menambah pengalaman saya dan menambah wawasan tentang apa yang dibutuhkan di dunia kerja saat ini.

Untuk pengalaman di bidang programming, saya telah mempelajari React Js, React Native, redux, realtime database dengan firebase, config aws dengan pm2 dan Express Js dari bootcamp, serta Laravel yang saya pelajari secara otodidak.

Saat ini, saya ingin mengembangkan karir saya dan menambah pengalaman saya di dunia programming dengan terjun langsung ke dunia kerja.

Sekira Bapak/Ibu cukup tertarik dengan pengalaman saya, dan ada peluang yang sesuai, saya siap untuk mengirim CV dan berkas-berkas yang dibutuhkan.

Terima kasih, salam hangat.

Do you ever feel like you're the only person on your team that has high standards for code quality? Do you get frustrated when remedial code gets committed to your codebases? Do you long for awesome specs, so you can just focus on writing code?

If you are the best software developer on your team, this is the place to fast-track your career in software architecture and engineering. You will contribute to products across multiple domains, unlike the typical role where you are sticky-assigned to a single product or feature.

You will learn about dozens of products and cloud technologies, refining and applying your skills on a daily basis, and building on top of the full suite of AWS services. We
